

Am I a Liberal?

Three times that I know of last year I got caught in the crossfire of America's so-called culture war by three people who think they know me better than I know myself. Each responded to pieces I'd written by labeling me "liberal" - end of discussion. The epithet shut down any further thinking on their part about what I had been arguing for or against, like dragsters braking hard at the end of a quarter-mile run.
